This isn't any of that chopped and formed chicken fried steak showing up everywhere these days. This is a whole body steak cut fresh off our USDA choice Ribeye, then it's lightly dusted in our seasoned coating. We then drown it in a true country buttermilk marinade, then it's back into our special seasoned coating. Finally it's griddle fried to perfection before we top it with our homemade country gravy. It doesn't get any better than this!
