The *New York Times* ran an article in January entitled, “Jesus ‘Tomb’ Controversy Reopened.” It appears as if someone has found what is believed to be the burial tomb of Jesus’ family...again.

As Christians, we know they are not going to find the bones of Jesus buried anywhere. The question remains: Can you provide incontrovertible evidence proving Christianity’s claim? Do you have family members who may have stopped practicing their Christian faith or perhaps do not believe in Christ?

You are invited to join us in the study of ***The Case for Christ***. The author, Lee Strobel, was an atheist, an attorney and the legal affairs editor of the *Chicago Tribune*. His wife became a Christian and he then launched an all-out investigation into the facts surround the case for Christianity. Lee posed questions to experts in the fields of history, archeology, ancient literature, and the Scriptures and challenged them with the objections he had as a skeptic.

Here are some of the topics we will be investigating:

- Can the biographies of Jesus be trusted and do they stand up to scrutiny?
Have they been reliably preserved for us?
- What does history and archeology say about Jesus?
- Was Jesus really convinced that he was the Son of God or was he just crazy?
- Did Jesus fulfill the attributes of God? Did he match the identity of the Messiah?
- Was Jesus’ death a sham and his resurrection a hoax?
- Was his body really absent from the tomb? Was he seen alive after his death?
- Are there any supporting facts that point to the resurrection?

You be the jury. After studying and investigating this book and researching the *Catechism of the Catholic Church*, the evidence is overwhelming for the ***Case for Christ!!***

YOU!

Teach the Bible?

with Sr. Mary Kate Birge, SSJ, Ph.D.

As adults we can read the Bible with a grown up set of eyes, and ask questions that we wouldn't have even imagined as children. What tools does the Church give us to read the Bible? How do we pass this on to learners as they mature?

BRING YOUR BIBLE!
