

# IEHA PECP Boot Camp

Your Staff + On-Site Instruction = Outstanding Success

IEHA, a division of ISSA, is a member-based organization for facility management professionals in the government, healthcare, and hospitality industries. IEHA's Professional Education Credentialing Program (PECP) and Certified Environmental Services Executive (CESE) and Registered Environmental Services Executive (RESE) designations are not only highly valued, but a requirement for many facility management professionals.

Benefits of PECP on-site training:

- Training delivered virtually or onsite and at your convenience
- Critical thinking skills to advance your career
- On-going professional and educational support
- A free short term membership to IEHA
- And so much more!

## PECP Course Curriculum:
