FOR IMMEDIATE RELEASE

Bishop Boxing Promotions' Rising Star Majid Yakubu Finds New Home at Iconic Seconds Out Gym as He Prepares for International Campaign

Accra, Ghana – Bishop Boxing Promotions is proud to announce that rising prospect **Majid Yakubu** has officially moved his training camp to the iconic **Seconds Out Gym in Jamestown, Accra**, as he begins focused preparation for an ambitious international competition schedule.

The move is a strategic step in Bishop Boxing Promotions' plan to elevate Yakubu onto the world stage, with upcoming international matchups targeted against top opponents from **India, the United Kingdom, and the United States**.

Yakubu, who joined Bishop Boxing Promotions earlier this year as one of the most exciting young talents in the stable, has quickly established himself as a fighter to watch in Ghana's new generation. The move to Seconds Out Gym represents the next phase of his development.

Training out of Seconds Out Gym – the historic Accra facility known as the breeding ground of champions located in the heart of Jamestown – Yakubu will now benefit from elite sparring, world-class conditioning, and the gym's championship culture as he prepares for the next chapter of his career.

Statement from Dr. Dave Bishop, President, Bishop Boxing Promotions:

"Majid is a great boxer and a great talent, with an underdog story to tell. He comes from humble beginnings, but he has the heart of a champion, the discipline of a warrior, and the hunger that you cannot teach. It's my job to create a path and a platform to show the world what Ghana already knows – that Majid Yakubu is next. Moving to Seconds Out Gym gives him the environment, the history, and the high-level push he needs for India, the UK, and the USA."

A Warm Welcome from Seconds Out Gym

The management and coaching team at Seconds Out Gym extended a warm welcome to Yakubu.

"Seconds Out Gym has always been a home for champions. We welcome Majid Yakubu with open arms," said the Seconds Out Gym leadership. "He brings humility, work ethic, and serious power. We are ready to sharpen him and prepare him to represent Ghana with pride on the international stage."

Heartfelt Gratitude to Coach Sulley Martey and Bridge Boxing Gym

Bishop Boxing Promotions and Majid Yakubu wish to express sincere and heartfelt gratitude to **Coach Sulley Martey and the entire family at Bridge Boxing Gym** for their foundational role in Majid's journey.

"Coach Sulley Martey believed in Majid from day one. He built the foundation, instilled discipline, and guided him when no one was watching. We will never forget that," said Dr. Bishop. "Bridge Boxing Gym will always be part of Majid's story and part of our extended family. We thank Coach Martey for his selfless service to Ghana boxing and for entrusting us to carry the baton forward."

This transition is not a goodbye, but a growth honoring the past while building for the future.

The Road Ahead

With the move to Seconds Out Gym now complete, Yakubu is ready to start training camp. Bishop Boxing Promotions will announce specific fight dates, opponents, and venues for the India, UK, and USA international series in the coming months.

This is more than a gym change. It is a statement of intent: Ghana's next generation is ready to fight and win - anywhere in the world.

About Bishop Boxing Promotions
