

Monday Movie Mavens

Mariner East Pipeline In Our Backyard

Monday, May 13, 7pm

Award-Winning Film

And

Presentation by
The Faith Alliance for Pipeline Safety

Hear why this pipeline is different:

Far more dangerous than other pipelines in our area

Materials it carries are explosive

Next to our schools, libraries, homes, places of worship

Polluting our aquifers, destroying wells

Carrying ethane gas compressed into liquid

Materials to be exported for making plastic in Europe

Presented by Sisterhood with assistance from Men's Club

Refreshments at 7 pm, film and talk to follow

No Charge, but must reserve: mtendy@verizon.net

We hope you will come in order to learn how to counteract the dangers to humans and the environment that are posed by the Mariner East pipeline project.
