

**KNAPE & VOGT**

## INTELLIGENTLY DESIGNED

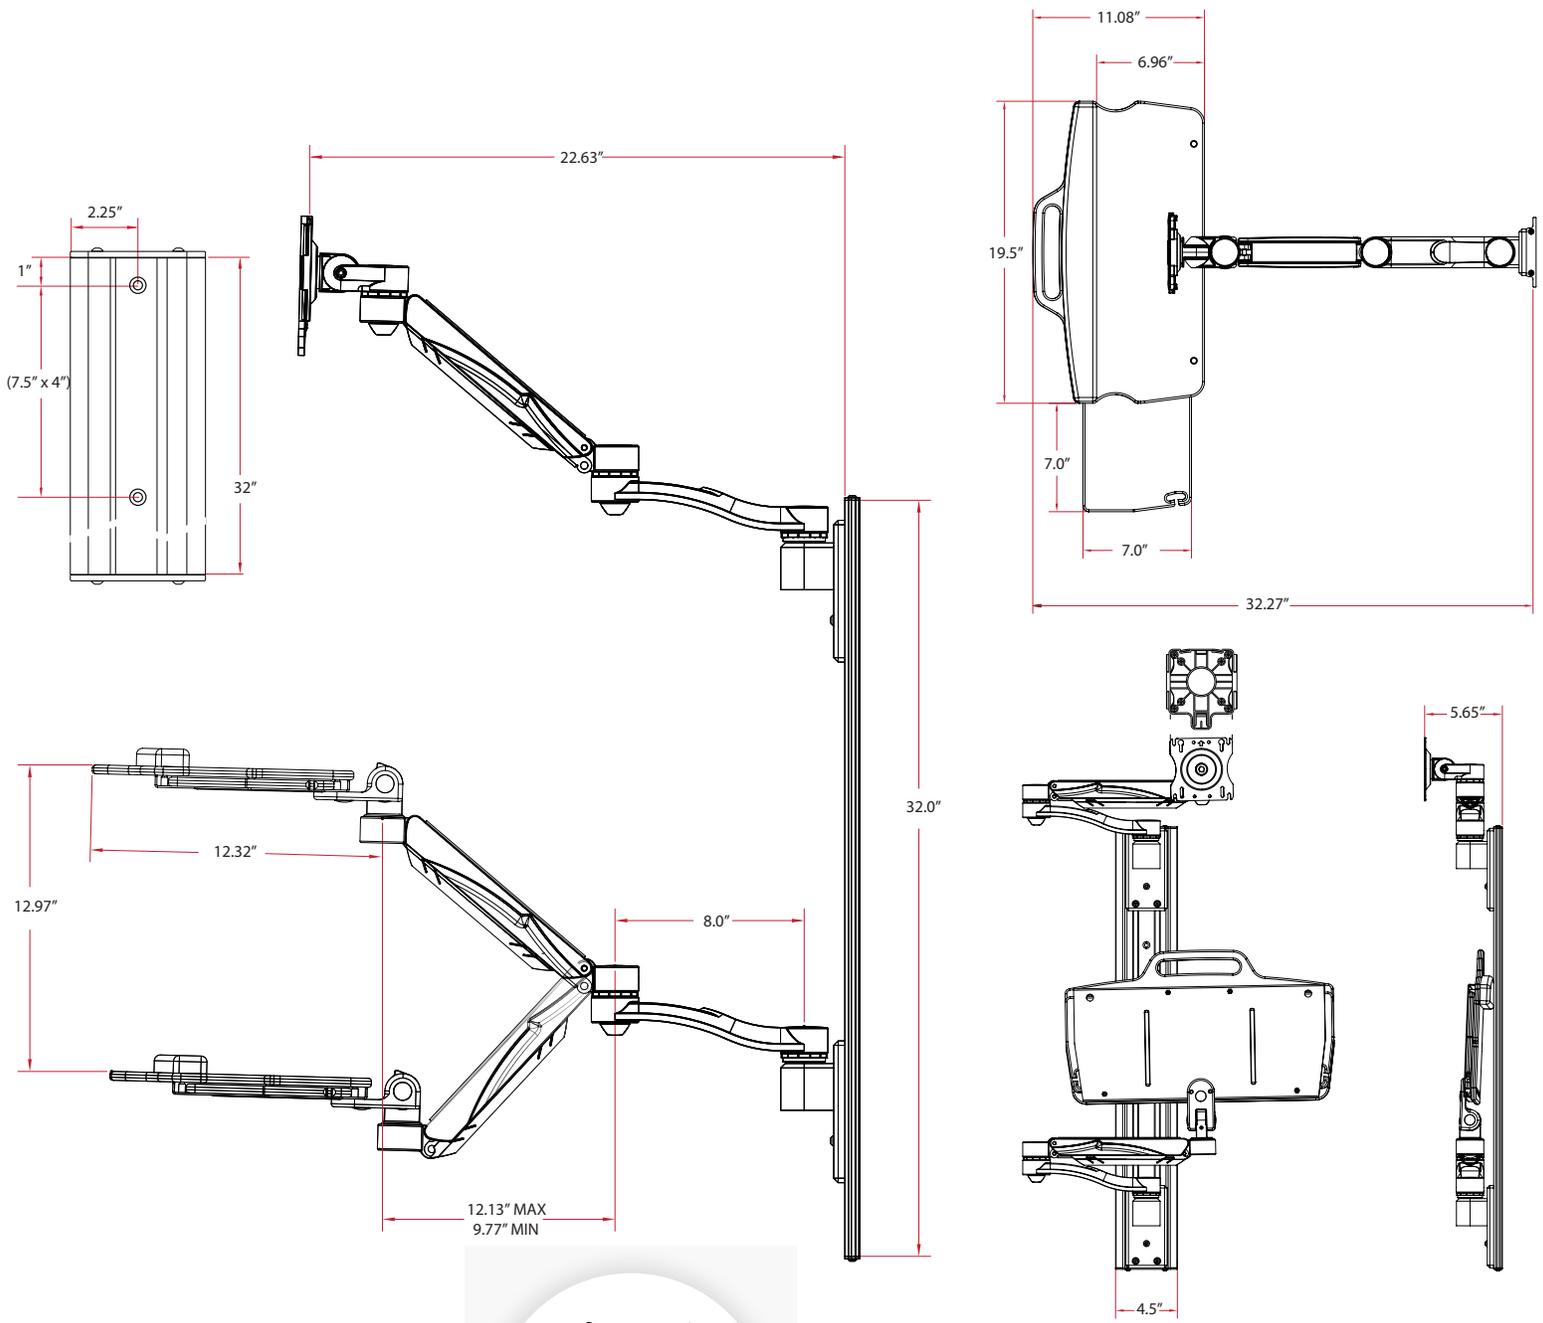

- Single handed counter balance adjustments are effortless, optimizing workflow efficiencies while sitting or standing
- Keyboard flips up 90 degrees for a compact storage position when not in use
- OSHPD Approved, ensuring installations meet local building codes and infrastructure requirements

## INSTALLS IN MINUTES

- Ships pre-assembled resulting in minimal after sale installation costs and reduced "down time" for critical care areas
- Complete mounting hardware is supplied resulting in seamless integration into multiple mounting surfaces
- Quick connect Vesa adapter allows for single person integrations and portrait to landscape preferences.

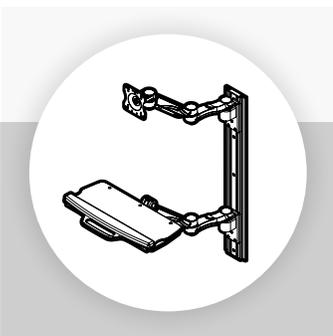

## BUILT FOR LIFE

- Designed for long term dependability, within varying EMR implementations and adaptations, maximizing return on investment
- Maintains high infection control standards with durable anti-microbial agents incorporated into all contact surfaces
- Manufactured of steel, aluminum and high density polyethylene materials supporting high performance long-term usage

OPA Number - 2479.10

## CX Track Mount
