Standard Table

The Economic Solution to Your Everyday Coffee Break

The Lion's Wood Standard Table features a rugged square leg with an Industrial-style apron construction and will be the workhorse of your banquet operations. Economically priced and built to last, the construction of the Standard Table combines modern design and the long-standing craftsmanship that is the hallmark of Lion's Wood Banquet Furniture.

The 4" diameter locking, 360 degree nylon swivel-caster allows for easy mobility on all floor surfaces.

Adding to the durability of our tables is our protective tabletop bumper, a Lion's Wood exclusive. Use this multi-functional table for Coffee Breaks, Buffets, and many other applications, while eliminating costly linens and skirting and reducing labor set-up times. We've added Corian Solid Surface material as an option for tabletops, greatly expanding the look and functionality of the Standard Table.
