Families of Garcia, Nuevo Leon, Mexico

Volume One

The town known today as Garcia, Nuevo Leon was at the time of these marriages known as Pesqueria Grande. Volume one of three in this series contains marriage information from the first 500 marriage records found on film 605349 (matrimonios 1780-1850). These marriages occurred in the time span of November 26, 1780 to January 8, 1815. These marriages are found on images 6-166. Basic information from the marriage records is presented along with other information gathered in an attempt to present two generation descendant reports. Most of the non-marriage record information presented was gathered using the FamilySearch.org database index.

I think my interpretations, as presented in this volume, should be very helpful for those that view the world in black and white. They can also help those that understand that the truth includes many shades of gray. You are welcomed to view my work as indisputable. I do not. If you want to see the records with your own eyes, use the provided image numbers to quickly locate the original records on the internet.

I want you to find any and or all of these church marriage records. The image number followed by a dash and serial number for each record is given with the hope that you can locate them with little effort. It should be easy if you have used the online images before.
