

# 2020 Sustainability Report Card

## CROP PROTECTION & INTEGRATED PEST MANAGEMENT

**4**

Number of non-chemical integrated pest management methods in use

**2**

Average crop rotations per ranch

## SOIL MANAGEMENT & CONSERVATION

**612 tons**

Amount of compost applied to our crops

**2,100**

Acres of Brassicaceae farmed as rotational crop

## MATERIAL MANAGEMENT & WASTE REDUCTION

**260,000**

CHEP Pallets in circulation

**2.6 million**

Number of clamshells made with PETE 1 materials

## ECOSYSTEMS & BIODIVERSITY

**19**

Number of ranches identified as having environmentally sensitive habitats nearby or adjacent

## WATER MANAGEMENT & CONSERVATION

**2,800**

Acres on drip irrigation

## ENERGY & EMISSIONS

**1,800**

Acres powered by on-farm solar energy

**109%**

Increase of solar acres from 2019 to 2020
