If you do not see a connection kit that fits your machine or pipework, please contact Purex or your representative

Interfacing

Your Machine — 10011010 / 10011010 — Extractor
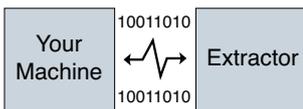

Interfacing can remotely start the Purex machine when the connected machine starts.

Interfacing can also warn the connected machine when the Purex machine is in alarm.

Take a look through our Interfacing Guide to see our extensive range of options
