WEST END CLASS DESCRIPTIONS

BODYCOMBAT™

- is the empowering cardio workout where you are totally unleashed. This fiercely energetic program is inspired by martial arts and draws from a wide array of disciplines such as Karate, boxing, Taekwondo, Tai Chi and Muay Thai. Supported by driving music and powerful role model instructors strike, punch, kick and kata your way through calories to superior cardio fitness.

BODYPUMP™

- is the original barbell class that strengthens your entire body. This 60-minute workout challenges all your major muscle groups by using the best weight-room exercises like squats, presses, lifts and curls. Great music, awesome instructors and your choice of weight inspire you to get the results you came for – and fast!

RPM™

- is the indoor cycling workout where you ride to the rhythm of powerful music. Take on the terrain with your inspiring team coach who leads the pack through hills, flats, mountain peaks, time trials, and interval training. Discover your athlete within – sweat and burn to reach your endorphin high. Classes are 45-50 minutes unless otherwise noted.

BARRE

- uses a combination of postures inspired by ballet and other disciplines like yoga and Pilates. The barre is used as a prop to balance while doing exercises that focus on isometric strength training (holding your body still while you contract a specific set of muscles) combined with high reps of small range-of-motion movements. Express class is the same great workout in only 45 minutes!

BOOTCAMP (45 min. class)

- An outdoor circuit style workout! You will mix cardio and strength work all while having fun and challenging your fitness levels! Meet in the parking lot right outside the club.

H.E.A.T.

-High Energy Athletic Training! Our specialized H.E.A.T. trainers will take you through a High Energy circuit that will focus on unique and beneficial exercises that will make you feel your muscles burn right from the start. Through Corrective Exercise and proper form you will be able to accomplish new athletic abilities you never even thought were imaginable.

SPIN

-Challenge your cardiovascular and muscular endurance in a musical journey through steep hills, killer flats, rolling hills, sprints and much more. Each instructor has a unique style-both musically and in the feel of the class. HIIT Spin is the same great class just more intense! Classes are 45-50 minutes.

TRX

- Born in the Navy SEALs, Suspension Training bodyweight exercise develops strength, balance, flexibility and core stability simultaneously. It requires the use of the TRX Suspension Trainer, a highly portable performance training tool that leverages gravity and the user's body weight to complete hundreds of exercises.

YOGA

- The mind-body workout that will improve strength, flexibility and balance. Each yoga instructor brings a different feel and focus to their yoga class so check them all out and see what you like. Please bring a mat with you! Power Yoga incorporates flexibility and balance with an emphasis on strength movement. Yoga classes are 60-75 minutes in length.
