

## ***SUPER LIFE® 7000***

### **High Mileage Motor Oils**

### **For Engines with over 75,000 miles**

*SUPER LIFE® 7000 High Mileage Motor Oils* are manufactured with special base oils, a special seal-conditioning agent and anti-wear additives to meet the needs of higher mileage engines with over 75,000 miles

Higher mileage engines may perform differently than new ones. This is caused by engine seal deteriorations, brittle gaskets, rings wear and valves that do not seal tightly. These problems cause oil leakage, increase oil consumption, reduced engine performance and premature oil breakdown.

Super Life® 7000 has been developed to help address those problems.

#### **APPLICATIONS:**

*SUPER LIFE® 7000 Higher Mileage Engine Motor Oils* are recommended for all engines used in passenger cars and light trucks. They are safe for both new and rebuilt engines.

### **WARNING:**

Continuous contact with used oil has caused skin cancer in animal tests. Avoid prolonged contact. Thoroughly wash exposed areas with soap and water. Keep out of reach of children.

Don't pollute. Conserve resources. Return used oil and container to collection centers
