Protection when faced with a critical illness diagnosis and you need treatment

Critical Illness Insurance from Allstate Benefits*

No one is ever really prepared for a life-altering critical illness diagnosis. The whirlwind of appointments, tests, treatments and medications can add to your stress levels.

The treatment to recovery is vital, but it can also be expensive. Your medical coverage may only cover some of the costs associated with treatment. You're still responsible for deductibles and coinsurance. If treatment keeps you out of work, the financial worries can grow quickly and stress levels may rise.

Critical Illness coverage helps provide financial support if you are diagnosed with a covered critical illness. With the expense of treatment often high, seeking the treatment you need could seem like a financial burden. When a diagnosis occurs, you need to be focused on getting better and taking control of your health, not stressing over financial worries.

Here's How It Works

You choose benefits to protect yourself and any family members if diagnosed with a critical illness. Then, if diagnosed with a covered critical illness, you will receive a cash benefit based on the percentage payable for the condition.

Meeting Your Needs

- Guaranteed Issue coverage with a Pre-Existing Condition Limitation**
- Coverage available for dependents
- Covered dependents receive 50% of your Basic-Benefit Amount
- Benefits paid regardless of any other medical or disability plan coverage
- Premiums are affordable and conveniently payroll deducted
- Coverage may be continued; refer to your certificate for details
- 25% of your Basic-Benefit Amount is paid for Advanced Alzheimer's Disease and Advanced Parkinson's Disease

With Allstate Benefits, you can make treatment decisions without putting your finances at risk. **Practical benefits for everyday living.**®

Meet Ashley

Ashley is like any single parent who has been diagnosed with a critical illness. She's worried about her future, her children and how they will cope with her treatments. Most importantly, she worries about how she will pay for it all.

Here is what weighs heavily on her mind:

- Major medical only pays a portion of the expenses associated with my treatment
- I have copays I am responsible for until I meet my deductible
- If I am not working due to my treatments, I must cover my bills, rent/mortgage, groceries and my children's education
- If the right treatment is not available locally, I will have to travel to get the treatment I need

Ashley's story of diagnosis and treatment turned into a happy ending, because she had supplemental Critical Illness Insurance to help with expenses.

CHOOSE

Ashley chooses Critical Illness benefits to help protect herself and her children, if they are diagnosed with a critical illness.

USE

During Ashley's annual wellness exam, her doctor noticed an irregular heartbeat. She underwent an electrocardiogram (EKG) test and stress test, which confirmed she had a blockage in one of her coronary arteries.

Here's Ashley's treatment path:

- Ashley has her annual wellness exam
- Her doctor notices an abnormality in her heartbeat; tests are performed and she is diagnosed with coronary artery disease
- After visits with doctors, surgeons and an anesthesiologist, Ashley undergoes surgery
- Surgery is performed to remove the blockage with a bypass graft. She is visited by her doctor during a 4-day hospital stay and released
- Ashley follows her doctor required treatment during a 2-month recovery period, and has regular doctor office visits

Ashley is doing well and is on the road to recovery.

CLAIM

Ashley's Critical Illness claim paid her cash benefits for the following:

Wellness

Coronary Artery Bypass Surgery

The cash benefits were direct deposited into her bank account.

CERTIFICATE SPECIFICATIONS

Eligibility

Your employer decides who is eligible for your group (such as length of service and hours worked each week). Issue ages are 18 and over.

Dependent Eligibility/Termination

Family members eligible for coverage are your spouse or domestic partner and children. Coverage for children ends when the child reaches age 26, unless he or she continues to meet the requirements of an eligible dependent. Spouse coverage ends upon valid decree of divorce or your death. Domestic partner coverage ends when the domestic partnership ends or your death.

When Coverage Ends

Coverage under the policy ends on the earliest of: the date the policy is canceled; you stop paying your premium; the last day of active employment; you are no longer eligible; a false claim is filed; when all benefits have been paid under the policy.

Continuing Your Coverage

You may be able to continue coverage when coverage under the policy ends. Refer to your Certificate of Insurance for details.

EXCLUSIONS AND LIMITATIONS

Conditions and Limits

A diagnosis occurring before your coverage begins is not payable; however, a diagnosis of any covered critical illness after your effective date will be payable. Benefits are subject to the Pre-Existing Condition Limitation as well as all other limitations and exclusions. All critical illnesses must meet the definitions and dates of diagnoses stated in the certificate and be diagnosed by a physician while coverage is in effect. The date of diagnosis for each illness must be separated by 90 days. Emergency situations outside the U.S. will be considered when you return to the U.S.

Pre-Existing Condition Limitation

Benefits are not paid for: a critical illness that is, caused by, contributed to by or results from, a pre-existing condition when the date of diagnosis is within 12 months after the effective date of coverage. A pre-existing condition is a condition, whether diagnosed or not, for which symptoms existed within the 12-month period prior to the effective date; or medical advice or treatment was recommended or received from a medical professional within 12 months prior to the effective date. The exception is follow-up care for breast cancer: If you have been previously found to be free of breast cancer, routine follow-up care does not constitute medical advice, diagnosis, care or treatment unless evidence of breast cancer is found during, or as the result of, the follow-up care.

Exclusions

Benefits are not paid for: war or participation in a riot, insurrection or rebellion; intentionally self-inflicted injury or action; illegal activities or occupations; suicide while sane, or self-destruction while insane, or any attempt at either; substance abuse, including alcohol, alcoholism, drug addiction, or dependence upon any controlled substance.
