**MOBIGRIP** 

If you are one of those guys who has to have the latest gadget, then keeping it safe should be a priority. Protect your iPhones, BlackBerrys, iPods, digital cameras, and other handheld devices with Mobigrip.

Mobigrip is an adhesive disc with an elastic finger loop that attaches easily to all cell phones (as well as digital cameras and portable gaming devices) to keep portable electronics securely connected to their users, eliminating dropped and broken devices.

The concept is simple and the product is affordable (\$7.95- \$9.95 each, depending on design), yet Mobigrip can save hundreds of dollars in broken or replacement devices. ([www.mymobigrip.com](http://www.mymobigrip.com))

**VOICE R1 hands-free mobile speakerphone**

For good or bad, cell phones in our cars have become part of our daily lives. iVOICE Technologies ([www.ivoice.com](http://www.ivoice.com)) has just introduced the R1 Bluetooth Handsfree Kit - a new hands-free mobile speakerphone for the car. The R1 is compatible with all Bluetooth-enabled cell phones and provides a talk time of up to 20 hours on a single charge! The R1 retails for \$99 and is available at J&R stores and online at Amazon.com.

ED NOTE: All of the HighSpeed Magazine vehicles are equipped with the Voice R1

**U-BOAT WATCHES** 

U-boat watches are known for their statement making size, but the collection also includes some classic pieces that still add an element of fashion savvy. Brown watches work well for summer and transition easily into fall. The pieces complement a summer suit and still work for casual weekend wear. U-boat watches are available at five retailers (Tourneau, The Forum Shops, Rocks and Voss in Las Vegas) and prices range from \$4400 - \$6600.00

ED NOTE: With the pricing these bad boys come with you KNOW they're HighSpeed!

**THE COMPASSIONATE SAMURAI** 

Compassion, honor, integrity, and discipline are things rarely lacking in today's society. And personally I think it is a lot of the reason for failure in life. But I read this book and it was off the hook!

Brian Klammner, author of *The Compassionate Samurai*, is an expert on taking your life to the next level through positive change that makes an impact on the world around us! He can help your readers become extraordinary in an ordinary world by understanding and valuing the importance of commitment, personal responsibility, contribution, focus, honesty, honor, trust, abundance, boldness, and knowledge.

**GAUNTLET - Richard Aaron** 

Not since Clive Cussler's Dirk Pitt books have I been awed by characters and storyline of an adventure novel. Gauntlet is a page turner, even for someone who has read experience in courtroom thrillers. And the hero himself is pretty amazing. 30 Days until a terrorist attack on the United States, and it will take the help of an autistic mathematician to stop it if it can be stopped! Gauntlet get's the green light!
