Grower Owned Processor

2017 Sustainability Report Card

CROP PROTECTION & INTEGRATED PEST MANAGEMENT

160

number of field trials of new varieties

3

Number of non-chemical integrated pest management methods in use

2

Average crop rotations per field

MATERIAL MANAGEMENT & WASTE REDUCTION

138,450

Pounds recycled: plastics, aluminum and steel from our field ag ops

404,201

Pounds sold of rescued produce under our #ImperfectVeg program

SOCIAL

715,783

Pounds of produce donated to Ag Against Hunger

ECOSYSTEMS & BIODIVERSITY

19

of ranches identified as having environmentally sensitive habitats nearby or adjacent

SOIL MANAGEMENT & CONSERVATION

2,591

tons of compost applied to our crops

83

acres of cover crop planted for soil conservation

WATER MANAGEMENT & CONSERVATION

10,500,000

Feet of drip tape in use for drip irrigation, water conservation
