“Improving transportation is one of the cornerstones of enhancing workforce development, education, and health care in our communities, and I look forward to participating in GTA's 2018 conference and seeing the transit opportunities that will come from this meeting,” said Rep. Gilliard, “When our state legislators work together with GTA and other stakeholders, we have the ability make a significant difference in the lives of Georgia citizens.”

Rep. Gilliard's keynote address will highlight potential legislation for the upcoming 2019 legislative session of the Georgia General Assembly. His speech will also encourage GTA's continued efforts in workforce transit development and providing diverse transportation services to rural Georgians.
