Maison Fine Homes & Interior Design has created a series of signature floor plans designed to inspire you.

Each of our plans feature the best of curb appeal, functionality and natural light. Our homes have been carefully planned with distinct entry, living and sleeping spaces, large kitchens and dining areas, beautiful sight lines, utility zones which include storage, and the flexibility to re-purpose rooms as your needs change.

We understand that designing a home is extremely personal, so each of our signature plans is really just a starting point to help you discover what you love. We are able to work with a plan and tweak it just a bit so that it's the perfect fit for you and your family, or combine design elements from several of our plans to create a completely custom space.

MEET MOORE.

This 1764 sq ft two storey home is big on character with its Craftsmen exterior and showy roof pitches, but even bigger on versatility with its optional third storey loft increasing the total square footage to 2050. Moore delivers style and functionality with dedicated areas for custom build ins such as bookshelves, desks and benches. Moore can be built with a rear detached or front attached garage.
