Maison Fine Homes & Interior Design has created a series of signature floor plans designed to inspire you.

Each of our plans feature the best of curb appeal, functionality and natural light. Our homes have been carefully planned with distinct entry, living and sleeping spaces, large kitchens and dining areas, beautiful sight lines, utility zones which include storage, and the flexibility to re-purpose rooms as your needs change.

We understand that designing a home is extremely personal, so each of our signature plans is really just a starting point to help you discover what you love. We are able to work with a plan and tweak it just a bit so that it's the perfect fit for you and your family, or combine design elements from several of our plans to create a completely custom space.

MEET JACQUELINE.

This 1934 sq ft two storey might possibly be the perfect family home. Working equally well as a Craftsman or a Prairie exterior, Jacqueline delivers style and functionality with a bright and open main floor and either a three or four bedroom second floor. The main floor features a well-planned kitchen, dining and great room, a large mudroom and a family organizing zone just off the kitchen with extra pantry storage, a laptop charging station and plenty of space to organize bills and take-out menus. Second floor laundry and an ensuite with walk in closet come with both the three and four bedroom option.
