Maison Fine Homes & Interior Design has created a series of signature floor plans designed to inspire you.

Each of our plans feature the best of curb appeal, functionality and natural light. Our homes have been carefully planned with distinct entry, living and sleeping spaces, large kitchens and dining areas, beautiful sight lines, utility zones which include storage, and the flexibility to re-purpose rooms as your needs change.

We understand that designing a home is extremely personal, so each of our signature plans is really just a starting point to help you discover what you love. We are able to work with a plan and tweak it just a bit so that it's the perfect fit for you and your family, or combine design elements from several of our plans to create a completely custom space.

## MEET CHARLOTTE.

This 2743 sq ft two storey is designed for family and entertaining. Charlotte's main design element is the 19' tall living room with a double-height fireplace and windows flanking both sides of the room. Other features include an oversize kitchen, butler's pantry and an open concept media niche perfect for a computer desk or TV. The second floor features a large loft space for a home office or music room. Charlotte's two children's bedrooms are generously sized, and easily fit two beds, or can be reconfigured to add a third bedroom. The master suite is truly an escape with an oversize ensuite bath and dressing room.
