Maison Fine Homes & Interior Design has created a series of signature floor plans designed to inspire you.

Each of our plans feature the best of curb appeal, functionality and natural light. Our homes have been carefully planned with distinct entry, living and sleeping spaces, large kitchens and dining areas, beautiful sight lines, utility zones which include storage, and the flexibility to re-purpose rooms as your needs change.

We understand that designing a home is extremely personal, so each of our signature plans is really just a starting point to help you discover what you love. We are able to work with a plan and tweak it just a bit so that it's the perfect fit for you and your family, or combine design elements from several of our plans to create a completely custom space.

MEET ATKINSON.

This 2696 sq ft two storey home offers the best of an open concept great room, kitchen and dining area with the practicality of a walk through pantry and mudroom. Other features include the grand foyer and feature staircase that connects all three floors, a main floor study and an upstairs family room. Atkinson's master suite is luxuriously sized with a five piece bath and built in dressing room. The second floor laundry room is perfect to double as a craft room. Ample space on Atkinson's second floor mean it can easily fit four bedrooms. Atkinson can be built with either a double or triple car garage.
