b. Required Track Courses:

HIS-8053-4 – History of Israel

This survey has established itself as an important course in Bible colleges and seminaries. It serves as background tool in the pursuit of a theology degree. The usefulness of this course is enhanced by a section on the inter-testamental period.

TH-5114 – Old Testament Theology I

This course is a modified systematic model for use as a core text in the study of Theology. The text is up-to-date, readable and user friendly.

TH-5134 – Doctrines of Christian Faith

A presentation of the key doctrines of the Christian faith. Designed as a core text for introductory courses in Christian theology and doctrine.

TH-5164 – Integrative Theology 1

TH-5174 – Integrative Theology II

TH-5184 – Integrative Theology III

These three courses cover an in-depth study of Integrative Theology will help Christians establish a solid, biblical foundation for their faith; learn to defend what they believe without contradiction and in the face of conflicting opinions; and practically apply their convictions to spiritual growth, service and communicating the gospel to others.

One book is required for the three courses.

TH-51104 – Applied Systematic Theology

This is an excellent course for discussions of Bible Doctrines at the introductory and advanced college level. core study used widely at both the college and seminary levels.

TH-51114 – Old Testament Revisited

This course will give the student a comprehensive understanding of the Old Testament as a whole. It will provide the student with the highlights of the entire scope of the thirty-nine books of the Old Testament, including pivotal events, important dates, significant geographical locations and key characters.

TH-51134 – Eschatology III

An advanced course that presents the Bible's account of the future. It covers topics such as the rapture, the second coming, the tribulation, the resurrection, the judgments, the millennium and the eternal state. An excellent course for all serious students of biblical studies.
