

Michael Bergen

Vice President, Air and Space
Vantor

Michael Bergen is the Vice President of Air and Space at Vantor overseeing the strategy and sales through the Air Force, Space Force, and the IC. Previously he led Partnerships for Vantor, Orbital Insight, and goTenna, was a former U.S. Marine, and has spent his whole career in the geospatial and intelligence industry. He has a B.S. in Finance from Lehigh University and an M.B.A. from Georgetown University. Michael can be found on a beach or a mountain depending on the time of year.
